## Uncle Adeb

one of the beneficiaries of the project to distribute 100 manual plowing tools to small-scale farmers – Socotra Archipelago

In the heart of the Socotra Archipelago, Uncle Adeb struggled to cultivate his fertile land using old manual tools, which exhausted him and limited his productivity. However, with support from Qudurat for Development Foundation, he received a modern manual plowing tool that greatly eased his work.

Today, Uncle Adeb cultivates larger areas with less effort and harvests the rich bounty of Socotra's land. This transformation has restored hope to his agricultural efforts and enabled him to improve his productivity.

# Sheep Distribution Project

## 120 Sheep Grants for Rural Families

Rural families rely on sheep-rearing as a primary source of income for their livelihoods. Qudurat for Development Foundation implemented a project to distribute 120 sheep grants in the governorates of Aden and Taiz.
